ACCOMMODATION AGENCY INFORMATION

The following is a list of Accommodation Agencies that have been contacted by City University. We can accept no responsibility for the accuracy of the information contained. If you are using a Letting Agent you should enquire as to whether the Agent is accredited to the National Approved Letting Scheme (NALS). The Scheme sets out defined minimum standards for residential lettings and management that an estate agent who is a member of NALS must provide, thus providing tenants with a professional and regulated service. Furthermore we would appreciate any feedback that students can provide regarding any of these agencies or any others they may have had dealings with.
