The Pedagogy Of Space
Using the Physical Space as a Learning and Teaching Tool
Session aims

This session involves:

- exploring the impact of space on learning engagement
- evaluating two types of learning space
- looking at practical approaches to consider when using a learning space for face-to-face teaching
- interactive and participatory groupwork
The Third Teacher = The Space

The Reggio Emilia Approach:

■ Young students encouraged to initiate self-guided exploration of physical environment

■ Three ‘teachers’ of children: adults, other children, and their physical environment
