Modelling convergence of the EU with the world: taking, receiving and becoming EU law

This workshop focuses upon the place of the EU in the world and global trade and examines how to model convergence. The workshop explores: who and what are the subjects and objects of convergence as to the EU and the world? How do ‘court-centric’ and less ‘court-centric’ approaches differ? How and should we understand the EU’s bilateral, multi-lateral and inter-organisational practice as convergence?

Participants:

Fabian Amtenbrink, Erasmus Law School, Rotterdam
Diamond Ashiagbor, Institute for Advanced Legal Studies (IALS), London
