Below you will find the talks and presentations from our Online Open Day. The talks aim to describe the courses in more detail and answer some general questions you may have, while the mock lectures aim to give you further insight into topics related to the field of study. We have also included talks about our services and the student experience at City, tours of our Schools and accommodation, as well as tips for what to include in your personal statement. To access the talks simply follow the relevant links.
