Welcome to City

City, University of London is a unique place to study. With skill and dedication, we have been delivering education, research and enterprise that transforms the lives of our students, our community and the world for over a century.

We are delighted to welcome you to our Virtual Postgraduate Open Evening. City, University of London is a leading global university and a member of the University of London. We have a strong tradition of expertise in postgraduate education and are the only university in London to be both committed to academic excellence and focused on business and the professions.

Our Virtual Open Evening is a great way to learn more about our postgraduate courses and discover all the benefits of studying at City.

We hope the event will help you make an informed choice, and we look forward to welcoming you among our postgraduate students.

Virtual Tour
Take a trip through City online and explore our general areas, Schools and sports facilities ahead of the Virtual Open Evening.

View the virtual tour here.
How to access the Virtual Open Evening

The event will take place through the chatroom function on Unibuddy and live sessions on Microsoft Teams or Zoom. The programme for each course might vary so please check the relevant School page in this guide.

Chat rooms
Unibuddy is an online platform which will host live chat rooms for you to speak to course officers, staff and student ambassadors about some of the courses we offer at postgraduate level. There will be a separate Unibuddy link for each of our academic Schools where reminders and links to the live sessions will be posted. If there are technical issues during any of our live sessions, updates will be posted in the Unibuddy chat rooms, where you can also notify us of any issue you might be experiencing.

Live sessions
Most courses host live sessions on Microsoft Teams or Zoom which you can join on the day. These sessions offer a great opportunity for you to engage with City’s academic staff and hear about the courses in more detail.

The individual links to the chat rooms and live sessions are listed on each of the school-specific pages. You will be able to join all elements of the event, even if you registered your interest for a course in only one of the Schools. You can do this from your browser without downloading any applications.

If you are unsure about how to navigate the event or where the courses are situated, please email opendays@city.ac.uk.

How we support our students

Listed below are the student services which support City’s students on a daily basis. You will be able to speak to representatives from some of these services during the Virtual Postgraduate Open Evening.

Unibuddy chat room 17:00 – 19:00
Student life and support

Accommodation
City offers a variety of accommodation options and support services for postgraduate students. The Accommodation team, based in the Student Centre, can assist you to find suitable accommodation in our halls of residence – located within easy traveling distance from the main campus – or in private accommodation for the duration of your postgraduate study.

Library Services
Library Services offer a huge range of resources to support your studies at City. Our printed collections are complemented by a vast portfolio of online resources (e-books, e-journals and specialist databases).

Dedicated help is available from our specialist staff in person and online.

The Student Counselling, Mental Health and Accessibility Service
This service provides counselling and guidance around mental health, disability and neurodiversity (dyslexia, dyspraxia, ADHD), as well as specialist tutoring support for students in receipt of DSA mentoring.

International Student Recruitment team
Choosing a university and studying overseas may be one of the biggest decisions you will make, but you are not alone in this. The International Student Recruitment team is here to advise you about studying in the UK at City.

Student funding
The student funding team assist and support students with student loans, scholarships, bursaries and how to manage finances.

Careers and Employability
The Careers and Employability Service supports City students from day one. Our Service provides one-to-one careers appointments, skills sessions, employer events and access to psychometric tests and interview software. In addition to this, you can also build your skills and experience while studying at City through part-time experiences offered through our on-campus temporary recruitment agency, Unitemps or our volunteering service.
