

Guide to Viewing the Online Timetable for Students

You can access the [Timetable](https://sws.city.ac.uk/) (<https://sws.city.ac.uk/>) directly or from the information bar at the top right of the Student Portal, [City Current Student Intranet](#) (you will need a City login) or from the external [City website](#). The timetable is not available via Moodle. **YOU MAY NEED TO ENABLE POP-UPS TO VIEW THE TIMETABLE.**

Searching by Module

If you know part of a module's name or code you can search the database for this specific module's timetable.

You may refine your search by typing (part of) a Module name OR description into the textbox:

Module(s)

AS0005 Introduction to Microsoft Office Suite

BS1107 Introduction to Microeconomics

CE1556 Microsoft Office

EC1003 Topics in Applied Microeconomics

EC1008 Introduction to Microeconomics

EC2013 Intermediate Microeconomics 1

Weeks/Teaching Pattern: Day-to-day it is easier to check the specific week, but for an overview pick the term your module is in.

Week(s)
 This Week
 Next Week
Autumn Term (standard): ranging w/c 24 Sep - w/c 10 Dec 2018
 Autumn Term (non-standard): ranging w/c 27 Aug - w/c 10 Dec 2018
 Spring Term (standard): ranging w/c 21 Jan - w/c 8 Apr 2019
 Spring Term (non-standard): ranging w/c 31 Dec 2018 - w/c 8 Apr 2019
 Summer Term (standard): ranging w/c 6 May - w/c 17 Jun 2019

Some programmes run out of the 'standard' term dates, so there is a 'standard' and 'non-standard' option for each term.

Timetable Style/'Type of Report' Options

There are many different ways of looking at a timetable. For a standard module running weekly at the same time/day we suggest looking at *'Module List (By Day)'* or *'Grid Timetable'*.

For a more complicated timetable it is worth finding a style that works for your needs.

- Module List (By Day)
- Module List (By Weeks)
- Grid Timetable
- Event Sheet (Without Student Sets)
- Event Sheet (With Student Sets)
- Master Module

When you click **View Timetable** you will see the details of the module including time of the day, room and lecturer:

Wednesday

Start Time	Finish Time	Week Commencing	Module Code	Activity	Description	Joint between...	No.of Students	Room	Lecturer
9:00	10:50	24/09/18-22/10/18, 05/11/18-03/12/18	AEM226	AEM226 Structural Dynamics And Aeroelasticity/Lecture 2/01	Aeroelasticity		15	C321	Cheung, Chak-Wah

Searching by Programme of Study

You can search for all modules available to your specific programme of study by searching by **Programme**.

When you click **View Timetable** you will see the details of all of the modules included in that Programme of Study; this includes their times of the day, rooms and lecturers. This may have too much information to be useful to you.

Please contact your course officer or check Moodle to find out which tutorial/lab you have been assigned to if more than one exists per module.
