Biology textbooks

Please review the Pre-course reading: Orientation to the Human Body: The Organisation and General Plan of the Human Body. **You should complete this workbook prior to the start of the course.** On commencement of the programme you will be advised of suitable books for use throughout your programme.

The websites below will provide an insight into the anatomy and functioning of the human body. This will help you understand the rationale underpinning Fundamental Aspects of Care.

BBC <http://bbc.co.uk/science/humanbody>

Virtual Body <http://medtropolis.com/virtual-body/>

Inner body <http://www.innerbody.com>

Online Resources

The University library is also a valuable resource for reading materials, please view our website. You can view the subject guide for Nursing, where you will find many useful library resources in one place at <http://libguides.city.ac.uk/nursing>.

You will receive an orientation to the library with your subject librarian during the induction period.
