Positive strategies for managing people with a disability or long-term health condition

Rachel Suff
Senior Adviser, CIPD

17 May 2018
Our purpose

Championing better work and working lives...

...by improving practices in people and organisation development...

...for the benefit of individuals, businesses, economies and society.
Improving Lives
The Future of Work, Health and Disability
The Government’s vision

The Government is committed to seeing

1 million
more disabled people in work over next 10 years

3.5 million
disabled people in work, 2017

4.5 million
disabled people in work, 2027
Disability has been rising...

The increase in the number of working age disabled people in the UK since 2013 taking the total to more than 7 million

Source: Improving lives Green Paper
The population is ageing...median age of the UK population

39.7 years (2012)
40.6 years (2022)
42.1 years (2032)
‘Over the course of a year, disabled people are twice as likely to move out of work, and nearly three times less likely to move into work, compared with non-disabled people.’

Source: Improving lives Command paper
Recruitment

8% of employers report they have recruited a person with a disability or long-term health condition over a year

(Improving lives
Green Paper)
Thriving at work

The Stevenson / Farmer review of mental health and employers

300,000 people with a long-term mental health condition lose their job each year...
48% of disabled people are in employment – compared with 80% of non-disabled people
= 32 percentage point gap

Even higher for people with a mental health condition
= 48 percentage point gap

Source: ONS 2016
Improving Lives Green Paper
How can we narrow the gap?

A focus on employer actions and the role played by managers and supervisors within the workplace:

• From recruitment and retention through to managing employee ill health
• In creating healthy and inclusive workplaces where all can thrive and progress
• In creating opportunities for people who need a more flexible approach

CIPD
What are the barriers?

The key challenges in managing people with a disability and/or long-term health condition (% of respondents)

- Developing line manager knowledge and confidence: 56
- Developing an understanding about making reasonable adjustments, for example disability leave: 50
- Developing clear policies, training and guidance: 22
- Developing leadership on disability-related and/or health issues: 20
- Developing an inclusive culture in the organisation: 19
- Identifying how to access external advice on health/disability-related issues: 16
- None, my organisation doesn’t experience any challenges: 23

Base: 820
Employer practice: positive approaches

Approaches in place to manage people with a disability and/or long-term health condition (% of respondents)

- Flexible and inclusive working culture: 65%
- Access to support services such as counselling or occupational health: 64%
- Fair and inclusive absence and performance policies and practices: 57%
- Supportive line management style that treats people as individuals: 46%
- Training and guidance for line managers: 32%
- A well-communicated workplace adjustments process: 31%
- Raising awareness of disability-related issues in the workforce: 24%
- A ‘health/disability passport’ or ‘written adjustment agreement’ approach: 7%

Base: 819
Managing disability: external support and services

External schemes and support that respondents have heard of/their organisation has used

- **Fit for Work**
  - Heard of: 69%
  - Used: 26%

- **Access to Work**
  - Heard of: 60%
  - Used: 32%

- **Disability Confident**
  - Heard of: 21%
  - Used: 12%

- **Disability or other membership organisation**
  - Heard of: 19%
  - Used: 8%

Base: 798
Managing disability and long-term health conditions: helpfulness of schemes

Figure 11: Helpfulness of schemes/external support to your organisation (% of respondents whose organisations have used the schemes)

- Disability or other membership organisation (n=60): 70 very helpful, 20 neither helpful nor unhelpful, 3 not very helpful, 7 not helpful at all, 0 don't know
- Access to Work (n=250): 57 very helpful, 21 neither helpful nor unhelpful, 9 not very helpful, 2 not helpful at all, 11 don't know
- Disability Confident (n=98): 44 very helpful, 37 neither helpful nor unhelpful, 4 not very helpful, 15 not helpful at all, 0 don't know
- Fit for Work (n=204): 33 very helpful, 35 neither helpful nor unhelpful, 17 not very helpful, 6 not helpful at all, 9 don't know
Managing disability and long-term health conditions: Government changes

Figure 12: Which of the following government-led changes would make the greatest difference to improving how your organisation manages people with a disability and/or a long-term health condition? Please select up to three.

- 58%: An online ‘one-stop shop’ providing information and practical tools.
- 57%: More financial support for making adjustments.
- 49%: Wider tax relief to help employers to introduce health interventions.
- 29%: Opportunities to network and share practice with other employers.
- 23%: A high-profile national campaign (such as ‘Disability Confident’).

Base: 788
‘Employers need a robust organisational framework of health and disability related policies and practices to encourage an open and inclusive culture...’
Line managers... the common thread

Sensitive 121s

Policies: fair and consistent

Flexibility & adjustments

Inclusive cultures
