Dear Parents and Carers,

The end of the first phase of the VEPS project is drawing near. We have now visited many children from all across London and we hope to reach our target of 200 by the summer.

We would like to take this opportunity to thank you for your participation in the project so far. Every child matters to us and we hope that the children have enjoyed the visits as much as we have!

So far we are very pleased with the new assessments we are using. The children have found them fun, and we think they are giving us important information. We are already finding lots of interesting things from our assessments but we will know much more about what they are telling us when we revisit everyone on the second phase of the project.

The second and last phase of the project will begin at the end of the summer when we start visiting each child again. We hope that you and your child are still able to participate and will be calling you to arrange a visit at a time convenient to you. We look forward to seeing you again!

We want to check that we have correct contact details for you. Please could you confirm the details on the enclosed slip, or indicate any changes, and return it in the stamped addressed envelope provided.

VEPS c/o Shula Chiat,  
Dept. of Human Communication Science, Chandler House,  
2, Wakefield Street, London.
