English for Academic Purposes (EAP) update March 2018

EAP support has been available in SASS since 2011. Since 2014-15 the support has gradually been extended to the other Schools. Provision (except SASS) is currently staffed by visiting lecturers. This seems to be the best way of continuing to provide the support as it allows greater flexibility to make adjustments to the provision based on student demand and School requirements.

Current EAP provision and numbers for autumn term 2017

</table>
| School of Arts & Social Sciences (EAP Coordinator) | All students | o weekly class in autumn and spring term (class is repeated, so students can join in either term)  
                                      o one-to-one support throughout the year | 114 students (six classes) |
| City Law School (Visiting Lecturer) | LLM | o since spring 2017  
                                      o ten-week class in autumn and spring term (class is repeated, so students can join in either term) | 31 students (two classes) |
| Cass Business School (Visiting Lecturer) | UG | o since 2014-15  
                                      o seven-week class in autumn and spring term (class is repeated, so students can join in either term)  
                                      o one-to-one support in the last three weeks of each term once the class has finished | 50 students (two classes) |
| School of Mathematics, Computer Science & Engineering (Visiting Lecturer) | PG | o since October 2017  
                                      o support is the same as for Cass students | 18 students (one class) |
| School of Health Sciences (Visiting Lecturer) | UG | o since October 2017  
                                      o support is the same as for Cass students | 13 students (one class) |

*The decision to initially offer the support to UG or PG students was taken in consultation with colleagues from each School. Support may be adjusted after further consultation.
