This is City.

Open Day Guide
June 2018

10am to 3pm
Welcome to City

We are delighted to welcome you to our Open Day. We think City, University of London is a unique place to study: we are located in the heart of one of the most exciting cities in the world; we combine a commitment to academic excellence with a longstanding tradition of preparing graduates for successful careers in business and the professions; and we are one of the UK’s most international universities with students and staff from over 160 different countries.

Open Days are a great way to see City’s investment in our students. Inside our entrance on Northampton Square you will be able to visit student support information areas; we encourage you to visit our sports facility, CitySport; see our expanded online and print resources in our libraries; explore the new spaces for studying and the student social spaces across campus, including CityBar.

Our Open Day is packed full of tours, talks, lectures and events to provide you with a glimpse of life as a City student and this Guide will help you plan your day. Over the page you will find some tips on making the most of your visit, the talks planner on the inside cover provides an overview of all the day’s activity, while pages 9-17 contain more information on academic life at City, with details of the course-specific talks run by City’s five schools.

At the back of this Guide you will find maps of our campus. On the day, staff and Student Ambassadors will be on hand to help you find your way around, chat about life at City and answer your questions.

We’re looking forward to meeting you and we really hope you enjoy your time at City.

Planning your day at City

City’s Open Day is held at the University’s main campus, in Northampton Square. Student Ambassadors will be around campus throughout the day; they can help you find your way and they also run our campus tours. The maps at the back of this Open Day Guide will help you organise your time at City.

Travel information
City is located in Central London and it has excellent transport links. Our nearest London Underground stations are Angel (Northern Line) and Farringdon (Circle Line; Hammersmith & City Lines; National Rail Services). Both stations are approximately 10 minutes’ walk from Northampton Square.

There are numerous bus routes which run by Northampton Square, including the following: 4, 19, 30, 38, 43, 55, 56, 73, 153, 205, 214, 243, 274, 341, 394, 476.

For further information on public transport in London, please visit www.tfl.gov.uk

Parking in Central London is expensive and we recommend using public transport where possible. However, if you do plan to arrive at City by car, please visit www.ncp.co.uk to find details of convenient car parks. City is unable to provide visitor parking on campus.

Arrival
When you arrive at City, you will be able to register at our two main entrances, both of which are highlighted in the maps in this guide. Please make sure you bring your barcode registration email with you for fast-track registration on the day; you will be given a wristband once you have registered.

There are Open Day helpdesks throughout campus, where staff and Student Ambassadors will be ready to help you plan your day, register for tours and find your way around. Facilities are available for prayer and quiet reflection during the day. Please ask at an Open Day helpdesk for more information.

Plan
Open Days are always very busy: at any point in the day, there are several talks taking place and tours departing. It is helpful to identify your ‘can’t miss’ events.

Among these will usually be any talks that relate to the subject(s) you are interested in studying, plus any of the mock-lectures, or, interactive sessions, which are designed to complement these course talks.

General talks on admissions, student finance, careers and accommodation are also really helpful, as you plan for life at university and the student experience talks give a different insight into life here. Finally, the Welcome to City talk at 10am and 12.30pm provide an excellent overview of everything City has to offer.

Explore
Campus tours, which run throughout the day, are a great way to get your bearings. But it can also be really helpful to wander around campus yourself or with parents or friends: if you get lost, a Student Ambassador will always be close at hand to help you find your way.

CityNav is our mobile app to help you find your way around campus; even inside our buildings. Be sure to download CityNav before you arrive to help you navigate our campus with ease. www.city.ac.uk/visit/citynav

Try to allow a little time for exploring our neighbourhood as well: close to Angel you will find plenty of shops and cafes, while cultural activity and restaurants dominate around Farringdon, Barbican and the nearby Exmouth Market.

Ask questions
Do not be afraid to ask questions: Student Ambassadors will be around campus throughout the day to help answer any questions you may have. As current students, they have first-hand experience of living and studying in London, and can you help you find your way around.

Staff including admissions tutors, senior academics, Student Centre advisors and others will also be on hand and happy to chat.

Making the most of your visit

Our friendly Student Ambassadors, dressed in their red t-shirts, will be at the nearest train stations and situated around campus throughout the day. Please look out for them; they can help you find your way and show you around the University once you arrive.

Life beyond the lecture hall
Open Days provide an invaluable opportunity to find out about academic life.

Course-specific talks outline what you will study and when; options for work placements and study abroad during your degree; and the career paths open to you once you graduate.

But as current students will tell you, life at university extends far beyond the lecture hall. What is the social life like? Will I meet people who share my interests? Are there opportunities for volunteering in the community or for paid employment while I study?

Talks on the Student Experience can help with this, so too can talks from our Careers Service on how to choose the right course for you and from Sport and Leisure Services on Sport and Leisure at City.

You will find further details of these services on pages 4/5.
How we support our students

Though you will visit many of the departments responsible for student support as part of your campus tour, you may wish to find out more about the services we provide. Below we have highlighted all the services we think you should see on your visit to City.

All of these services will have information stands easily accessible in The Pavilion – just through from the main entrance of the University Building.

Student Centre

The Student Centre, located in the University Building (B), can offer advice on financial support and accommodation. A member of the Learning Success team, which looks after disability, dyslexia and academic learning support matters, will also be available.

You will visit the Student Centre as part of all Campus Tours. Representatives from the Student Centre in areas like Accommodation, Funding and Financial Support will be available at the information stands in The Pavilion, University Building (B).

Students’ Union

City Students’ Union works to improve the experience of City students in a variety of ways, from student representation to events. It provides independent advice on academic issues through the Advice Service and coordinates the Programme Rep system, giving students a clear voice to improve their courses.

Want to add something to your experience? Why not join a society? There are over 60 to choose from or take part in some fundraising for charity. The Students’ Union is also there to help increase your employability, with countless opportunities to lead a project or develop new skills.

Elected student officers represent you both at City and nationally: they ensure your voice is heard on key student issues and lobby to make sure you have the support you need to excel and play a full part in the City community, making the most of your time here.

Sport and Leisure

Whether you are a complete beginner to a sport, have represented your school/collage or even played at county and national level, we have opportunities for all of our students. CitySport is located at the Franklin Building (R) on Goswell Road; approximately a five-minute walk from Northampton Square. We encourage all students and guests to visit, with tours running throughout the day from the bandstand in Northampton Square.

Admissions

Members of our admissions team will be available throughout the day in The Pavilion. Feel free to drop in for a discussion about your qualifications, writing personal statements, or any aspect of your application. Or attend one of the Admissions talks taking place at 12.15pm or 1.30pm in Oakden, Centenary Building (H).

Careers, Student Development and Outreach

The Careers Service offers guidance to City applicants and students from day one. Our Service provides resources and appointments, skills sessions and employer events. We also link up and collaborate closely with Student Development who provide community volunteering, widening participation, professional mentoring, and CityBuddies.

Alongside information about career planning, you can find out more about opportunities for volunteering, mentoring and working as a Student Ambassador. You will be able to discuss your options with the careers team; as they help you bridge the gap between higher education and the world of work or further study. In addition to this, you can also build your skills and experience while studying at City, through part-time experiences offered through our on campus temporary recruitment agency Unitemps.

If you have any questions about how you can improve your job prospects, get involved in the community and help your fellow students, come and speak to us in E125, Drysdale Building (E).

The talk about the Careers Service will take place at 11.45am in AG21 College Building (A).

Accommodation

We guarantee all our undergraduate students, who apply by the deadline, a place in halls of residence. All Halls are based in Zone 1 and within walking distance of our Northampton Square campus.

At our Open Day you can find out more information about the range of accommodation options by joining an Accommodation talk or visiting the Accommodation stand in the Pavilion, University Building (B).

Library

The library is located in the University Building (B). Library staff will be available during the day to answer your questions and show you the state-of-the-art resources and facilities.

Library Services offer a huge range of resources to support your studies at City. Our printed collections are complemented by a vast portfolio of online resources (e-books, e-journals and specialist databases). Opening hours are extensive and help is available from our specialist staff in person and online.
Tours

When planning your day, make sure to allow some time for getting to know City’s buildings and facilities; the campus and CitySport tours run by our Student Ambassadors are an excellent place to start.

As shown on the map at the back of this guide, both tours leave from the Northampton Square Bandstand. This is accessed by exiting the main entrance, or from St John Street via Wyclif Street and from Goswell Road via Ashby Street.

Many of our departments also run tours of their own facilities. Details of these additional tours are available on the subject-specific pages that follow.

Campus tours
Campus tours are led by Student Ambassadors and take approximately half an hour. You will visit the Student Centre, the Careers, Student Development and Outreach service, the Library, CityBar and the Students’ Union.

At many of these locations, staff will be on hand to provide more information and answer your questions.

Accommodation tours
We guarantee all of our undergraduate students a place in our halls of residence, all of which are based in Zone 1 and within walking distance of our Northampton Square campus. Students can enjoy the benefits of studying in London with City accommodation.

You can find out more information on the range of our accommodation options by visiting the Accommodation talk and/or by taking one of our Accommodation at City booklets, available from the Accommodation stand in the Pavilion of the University Building (B).

How to book your tour
To book a place on a tour, visit the Open Day tour desks located in the College Building (A) and University Building (B). Campus tours and CitySport tours run every 10 minutes.

All tours run between 10am and 2.30pm and they depart from the Bandstand in Northampton Square – shown on the map at the back of this guide.

Supporting our students

Alongside our course-specific talks, we provide a range of general talks to give you an insight into what you can expect as a student at City, University of London.

Welcome to City
Oliver Thompson Lecture Theatre, Tait Building (C)
Talk
10am, 12.30pm
30 minutes
City’s President, Professor Sir Paul Curran will be joined by a recent alumni to introduce you to life as a City student. Professor Curran will discuss what makes City special, while our alumni will talk about their experience at the University and where it has taken them in their career to date.

Accommodation
Oakden, Centenary Building (H)
Talk
11.45am, 1pm
30 minutes
City offers accommodation in halls of residence to all first year undergraduates who accept their place at the University within the accommodation deadline. This talk will provide advice on costs, how to apply, options in the private sector and living in London.

The student experience
AG08, College Building (A)
Talk
11.45am, 1.15pm
30 minutes
One of our current students will provide an insight into life at City, including information on careers, clubs, societies, health and sport.

Careers
AG21, College Building (A)
Talk
11.45am
30 minutes
A City Careers Consultant will discuss factors to research when considering your course choice and how you can make the most of the Open Day.

Student finance
A130, College Building (A)
Talk
12.15pm, 2.15pm
30 minutes
This talk will provide up-to-date information on areas including funding, scholarships, bursaries, prizes and money management tips.

Admissions
Oakden, Centenary Building (H)
Talk
12.15pm, 1.30pm
30 minutes
This talk, led by Richard Broom and Dan Cox of City’s Admissions team, will cover the key stages in the annual university admissions process, including guidance on how and when to apply, the UCAS system and different types of offers.
The School of Arts & Social Sciences provides its students with a dynamic, academically rigorous environment for undergraduate study. We focus on disciplines across the social sciences, arts and humanities – Economics, History, International Politics, Psychology, Sociology, and on Journalism, English and Music. In all subject areas, our students benefit from City’s Central London location, our close links with the professions and the academic and personal support they need to succeed in their studies and prepare for their future.
Cass is a leading global business school driven by world-class knowledge, innovative education and a vibrant community – we enable the extraordinary. Located in the heart of one of the world’s leading financial centres, Cass has strong links to both the City of London and the thriving entrepreneurial hub of Tech City.

We offer undergraduate degrees in four areas: Accounting and Finance; Actuarial Science; Banking, Finance and Investment; and Business Management. The Cass undergraduate community comprises over 2,000 students from around 100 countries, creating a vibrant mix of cultures and perspectives. Come and be a part of it.

Cass Business School course information can be found on page 80 of the 2019/20 Undergraduate Prospectus.
The School offers 14 exceptional undergraduate courses; all benefitting from our enviable location and shaped by the needs of the professions. Our Engineering students profit enormously from our focus on creative design coupled with a deep understanding of the mathematics and physics. Our Mathematics graduates are highly sought-after in the financial sector and in Computer Science, we engage directly with leading businesses to prepare our students for rewarding careers in software development, system design, management and research.
The City Law School

The City Law School is one of London’s major law schools, offering an impressive range of academic and professional courses. We were the first law school in London to educate students and practitioners at all stages of legal education.

Our LLB (Hons) is one of the most renowned in London. With impending changes to legal training in England and Wales, we have enhanced our LLB with more opportunities for practical hands-on learning and increased assessment variety, while retaining the fundamental integrity of the core components of the course.

The City LLB will cover the key elements for developing students’ professional life supported by three pillars - creativity, relevance and flexibility. It will offer students the option of specialisation through named pathways and increased opportunities for the development of professional competencies, making it relevant to future employment prospects.

These enhancements will help to prepare students for the new Solicitors Qualifying Exam (SQE) or the new Bar Professional Qualification Training route, for those wishing to pursue a career as a barrister.
School of Health Sciences

City’s School of Health Sciences is a world-leading centre for healthcare education and applied healthcare research in the heart of London. Students undertake placements with London’s leading healthcare providers and benefit from simulated learning on campus in our state-of-the-art clinical skills suites and laboratories. Teaching is delivered by academic staff who are leading health educators, practitioners and researchers with many working and advising within the sector as well as teaching. Thanks to our track record of direct engagement with employers, over 90 per cent of our graduates find employment or continue to further study after graduation. City is ranked 1st in London for Nursing and Medical Technology (including Radiography) - Complete University Guide 2019.

Tours

Tours of our Clinical Skills facilities lead by Student Ambassadors will take place following talks.

Information stand

Tait Building (C)
10am — 3pm

City, University of London Open Day Guide June 2018

www.city.ac.uk
In case of fire
Fire alarm sounders are located in all parts of the building. On hearing a continuous alarm, please leave the building immediately by the nearest fire exit or as advised by fire wardens who are identified by their yellow high-visibility jackets. Do not re-enter the building until instructed to do so by the wardens.

Accessibility
We welcome students and guests with disabilities and will support you both as an Open Day visitor and as a student if you choose to study at City in the future. All parts of the University are fully wheelchair accessible. If you require any information on access issues prior to your visit please contact us via the email address below.

If you would like any section of this publication in an accessible format, please email citypublications@city.ac.uk or call +44(0)20 7040 8631. For all other enquiries, please use the contact details below.

The information in this Open Day Guide is accurate at the time of going to press to the best of our knowledge. However, changes can occur in the interval between publication and the academic year to which the Guide relates.
