The Chair welcomed Marion O’Hara (formerly Finance Director) to her first meeting as interim CFO.

Prevent Training
Council had welcomed last night’s training session but noted that it would also find it helpful to receive assurance throughout the year that City was acting accordingly with regard to Prevent issues (perhaps by way of a presentation from Louise Jennings).

[Action]

Council Effectiveness Review
Minerva had begun their review and Council members would receive a questionnaire in due course for completion. As part of their review, Minerva would observe at least one meeting of each committee next year. The College Secretary would contact Minerva to ask that co-opted members be consulted as part of the review.[Action]

Students Union meeting
The Chair had met with the SU on 16th November (with the President, Simon Harding-Roots and the College Secretary) and the following points were noted:

- Mental health services should be made more accessible to students.
- Students would like to be able to select course modules sooner.
- Students would welcome better access to information on the website about tutors and their specialities in order to make informed choices.
- Both the SU and City would like to proactively promote the diversity agenda.

Recruitment of Independent Council Members
Russell Reynolds had provided the Chair and President with a very interesting short-list of potential candidates. Members should notify the Governance Team if they would like a copy. [Action]

Strategy Board
A Strategy Board had been established chaired by Professor Debra Salmon. Council would be represented on the Board by Kru Desai and would receive regular updates from the Board.

6. Calendar

7.1 President’s Report
Council considered the President’s update report and in discussion the following points were noted:

- Graduations had taken place at the Barbican over three days and had been a great success.
- Helen Watson had been appointed as City’s Chief Operating Officer and will take up post in February and lead City’s team of Professional Service Directors.
- Professor Andre Spicer had been appointed as Bayes Business School’s Interim Dean and would take up the role on 1st December 2021.
- Two new appointments in the President’s Office: Assistant Vice-President (Global Engagement), Dr James Rodgers, Associate Dean for Global Engagement in the School of Arts & Social Sciences, and Assistant Vice-President (Civic Planning & Development), Kanan Barot, Visiting Lecturer at Bayes Business School.
• The President continued to meet Heads of Department, building a process of engagement and laying the groundwork for the strategy process and portfolio review.
• The President had begun to meet with a range of donors, alumni and stakeholders to establish personal connections and had attended meetings and events organised by the City of London. Forming relationships with the City of London was challenging, not least because of the yearly turnover of the Lord Mayor.
• The first ‘Presidential Sprint’ on Programme Approval had proved very useful and would continue with a second phase.
• Further deep dives – in essence these were learning sessions - were underway, the most recent on Entrepreneurship.
• The President had spoken at a panel organised by the SU on “Decolonising City” where he set out his position and listened to the important debate.
• Strategy Consultants had been engaged and the strategy process had been initiated. SLT had held a successful half-day awayday on the strategy.

7.2 Strategic Business Case Proposal
Council considered a Strategic Business Case Proposal.

This item is continued in the closed section of the minutes.

8. SU Report
Council considered the SU Report and in discussion the following points were noted:
• This year the SU had given every student on free membership for a society of their choice, as well as implementing a change in membership fees enabling societies not to charge students to join their group. The impact of the Welcome Fair and the aforementioned initiatives resulted in a significant rise in the number of memberships compared to the previous two years.
• The Union had led on a range of events to celebrate Black History Month including an exhibition, information sharing, film screening and a panel event. The panel focused on decolonising City.
• During November, the Union had highlighted men’s mental health and also hosted the Hermes Project on site. The Hermes Project visit universities and organise pop-up mental health barbershops, where haircuts are free, and students are actively encouraged to speak about their worries and stresses.
• The Union and City had won a national “Think Student Award” for Best Campaign for Promoting International Study, another great example of collaboration.
• Student mental health and wellbeing remained a challenge but the SU continued to work with the Director of Registry and Student Services and positive steps forward had been taken.
• Council noted the proposed changes to the Memorandum and Articles of Association of City, University of London Students’ Union and it was noted that once the Democracy Review outcomes were available, Council would be asked to give its approval by circulation. [Action]

9. Finance
9.1 2020/21 Annual Report and Financial Statements
Council considered the report and Financial Statements (including the Remuneration Report) and in discussion the following points were noted:
• City had had a very good 2020/21 financial year because in contrast to predicting a large deficit, the institution had instead achieved a small surplus as a result of lockdown and the unpredicted reduction in expenditure.
• The biggest change was included in the Remuneration Committee report and related to the appointment of the new President.
• The Chair suggested that, moving forward, the report might be more useful if it contained a little more narrative (e.g. on City’s carbon footprint) and less
reporting against KPIs.

Decision
Council approved the annual accounts, which were subsequently signed by the Chair of Council and President.

9.2 Letter of Representation
Council considered the Letter of Representation noting the assurance statement from the Finance Director which provided additional assurance to Council that the representations made in the Letter were reasonable and may be signed off by the Chair of Council and President. Council noted a tabled misstatement in the draft representation letter which did not have any tax or cashflow impact.

Decision
Council approved the Letter of Representation which would be amended to reflect the misstatement and signed by the Chair of Council and President.

9.4 Financial Performance Report Q4, 2020/21
Council received the report which had been considered by SIPCo, noting that City was currently in a good position financially but, with potential inflation and USS-related challenges on the horizon, there was little room for complacency.

9.5 Update on 2021/22 Financial Position
Council noted the early forecast information for 2021/22 which and in discussion the following points were noted:
