

**Revisions to Regulation 4, Senate's Committees**

**Summary**

The purpose of this paper is to ask Senate to approve proposed revisions to Regulation 4, Senate's Committees. The Regulation has been updated to include the terms of reference for the Educational Quality Committee, which Senate agreed to establish at its December meeting.

Some minor changes to AGC's terms of reference are also included to reflect previous discussions at AGC relating to the work of AGC and possible overlaps with the Educational Quality Committee:

*'AGC agreed that responsibility for internal audit reports might prove a better fit for the Educational Quality Committee.'*

In addition, AGC agreed at their February meeting that the number of elected Senators on AGC should be reduced from six to five. This is reflective of AGC's decision to have, where possible, representation from the five BoS areas. The composition of AGC has also been revised so that the Chair is now defined as the VP (Strategy and Planning) rather than the Deputy Chair of Senate.

The proposed changes were discussed and endorsed by AGC at their February meeting.

One action required.

**Recommended action**

Senate is asked to **approve** the proposed revisions to Regulation 4

- (iii) Considering requests for exemption from the Senate Regulations relating to educational provision and/or approved quality and standards framework, and making recommendations to Senate.
- (iv) Receiving reports, as appropriate, from any sub-committees established by Educational Quality Committee and ensuring that all relevant matters concerning educational quality and standards are reported to Senate.
- (v) Undertaking scrutiny and advising Senate of outcomes from and the effectiveness of academic quality processes, including:
  - Programme approval, amendment, termination
  - External examining
  - Annual Programme Evaluation
  - Periodic Review
  - PSRB and accreditation events
  - Audits of academic processes that impact on the quality and standards framework
- (vi) Oversight of City's approach to assuring the completeness, accuracy, reliability and fitness for purpose of published information.
- (vii) Reviewing the outcomes from any external quality review or assessment of the City's educational quality and/or academic standards and advising Senate on the implementation and monitoring of related action plans.
- (viii) Advising Senate on appropriate action to take in order to address areas of academic risk to educational quality and/or academic standards.
- (ix) Through the above, supporting the enhancement of educational quality and the dissemination of good practice.

Educational Quality Committee will receive reports from, and/or will liaise with, the following committees to support institutional oversight of quality and standards, and to inform regulation and policy review, enhancement and development as appropriate.

- Education and Student Committee
- City Learning and Teaching Committee
- Graduate School Committee
- Collaborative Provision Committee
- University Programme Approval Committee
- Boards of Studies<sup>1</sup>

Where appropriate, business will be reported and/or recommendations made to Senate via Academic Governance Committee, where they relate to matters within Academic Governance Committee's remit or its delegated authority from Senate.<sup>2</sup>

<sup>1</sup> Boards of Studies have delegated authority from Senate for the maintenance of academic standards and quality within their academic subject area as noted in their terms of reference

<sup>2</sup> Academic Governance Committee undertakes detailed scrutiny of proposed changes to Senate Regulations prior to recommendations being made to Senate.
