The course is 3 years :)

Hi there, how long does it to complete this course please?

The undergraduate course is 3 years and the Masters programme is 2 years. Both enable you to register as a Speech and Language Therapist.

There are 10 minutes left of this chat session. Please ask any further questions you have now.

Can I study from home and if I would move abroad continue there?

I am afraid that is not possible. You will have gain a substantial amount of placement experience and this cannot be done abroad.

I’ve worked in a mental health and autism hospital for 20 years and have gained lots of experience does that count?

This will certainly be a strong asset when you apply for a place and this experience will be very relevant during your studies. But you will have to participate in every aspect of the course.

Also can I do my masters straight away or do I need the 3 year course first?

Admissions will require an undergraduate degree to apply for the Masters.
This session has now ended. Thank you so much for joining us today. If you have any further questions, please email onlineevents@city.ac.uk.
