

Application Guidelines 2018-19

MRes in Clinical Research

September 2018 entry

Application Guidelines 2018-19

Applications are considered up to the deadline at the end of August. Applicants must meet City's entry requirements:

<https://www.city.ac.uk/courses/postgraduate/clinical-research-mres>

1. Applicants complete an online application form – please ensure ALL information is entered correctly, and there is no missing data, otherwise your application form will be incomplete. Importantly, this includes specifying information regarding your registration with your professional body.
2. Applicants need to attach a Personal statement (of up to 5 sides of A4). The Personal statement must include:
 - a. a brief Curriculum Vitae
 - b. a clear statement as to how studying the MRes Clinical Research will benefit you in your career development, and why this is a good and appropriate time now for you to study, and
 - c. a brief Research Proposal (background, research aim/s or questions and potential research study design and methods).
3. Applicants must also attach:
 - a. scanned copies of Degree certificates and Passport identification, and
 - b. a Letter of Support from their Line Manager on headed paper.
