PIP form filling service

Free Personal Independence Payment (PIP) form filling service

If you have a physical or mental health condition and you are eligible for the Personal Independence Payment (PIP) welfare benefit, we run a free service to help you fill in the form and apply.

Our trained student advisers work closely with a specialised welfare benefit solicitor. Their advice gives you a greater chance of making a successful claim.

If the Centre is unable to assist you, we can provide referral information to alternative sources of help.
